

ELLA KRISPEL
PORTFOLIO
TEXTILE & PRINT ARTIST

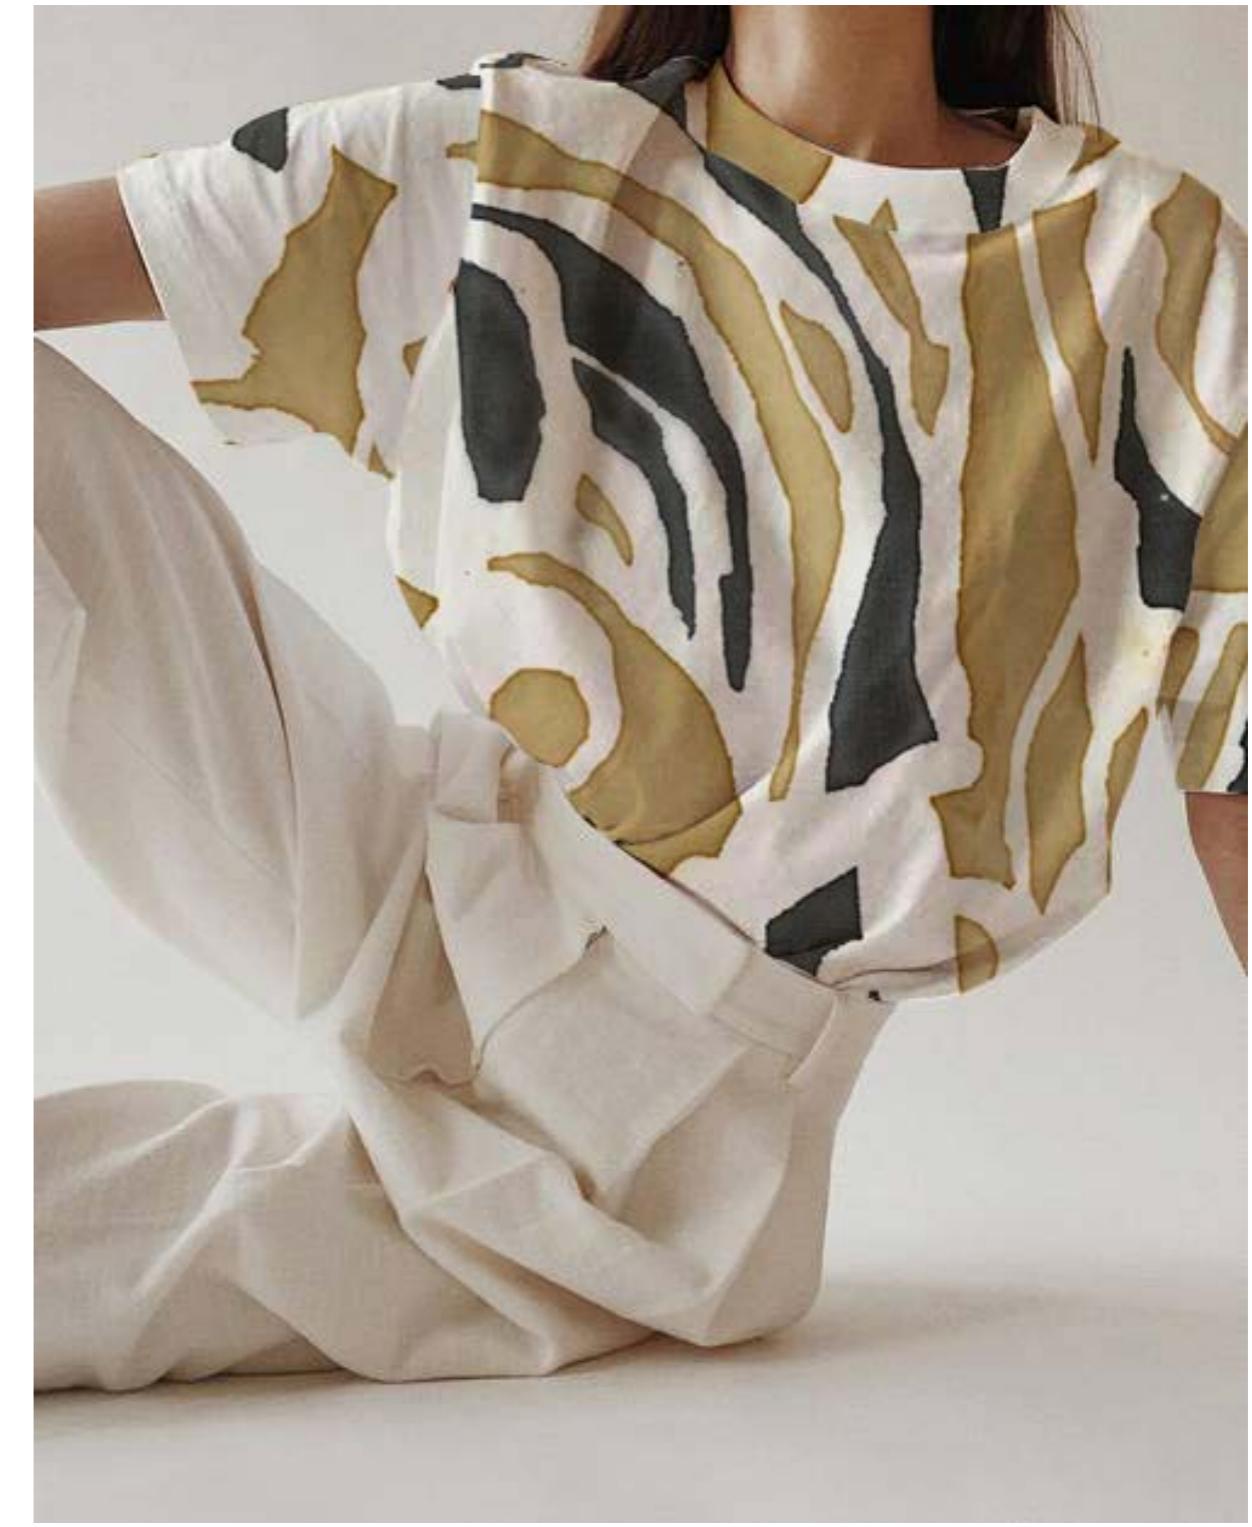

HAND PAINTED BATIK

Drawn with cold wax on Habotai silk and coloured by hand. These artworks were drawn to form a repeat, then scanned and edited into a perfect repeat tile using Photoshop to allow scaling and digital printing in production.

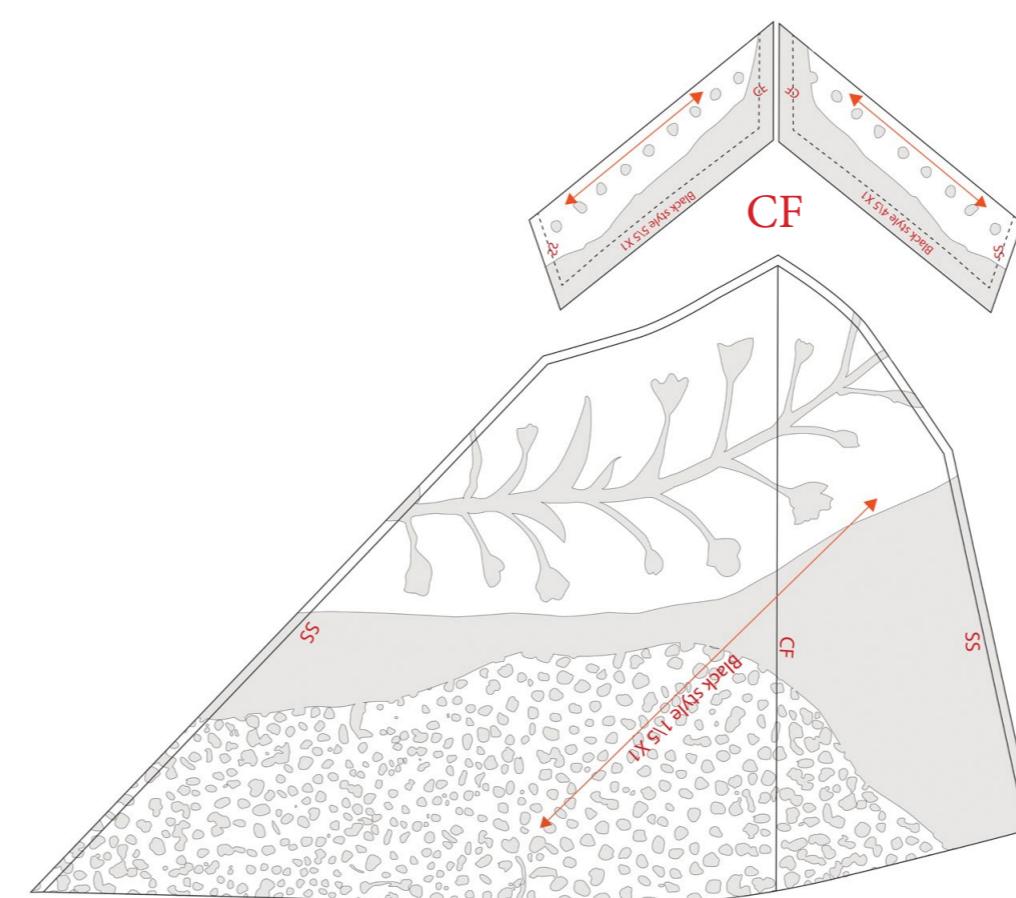

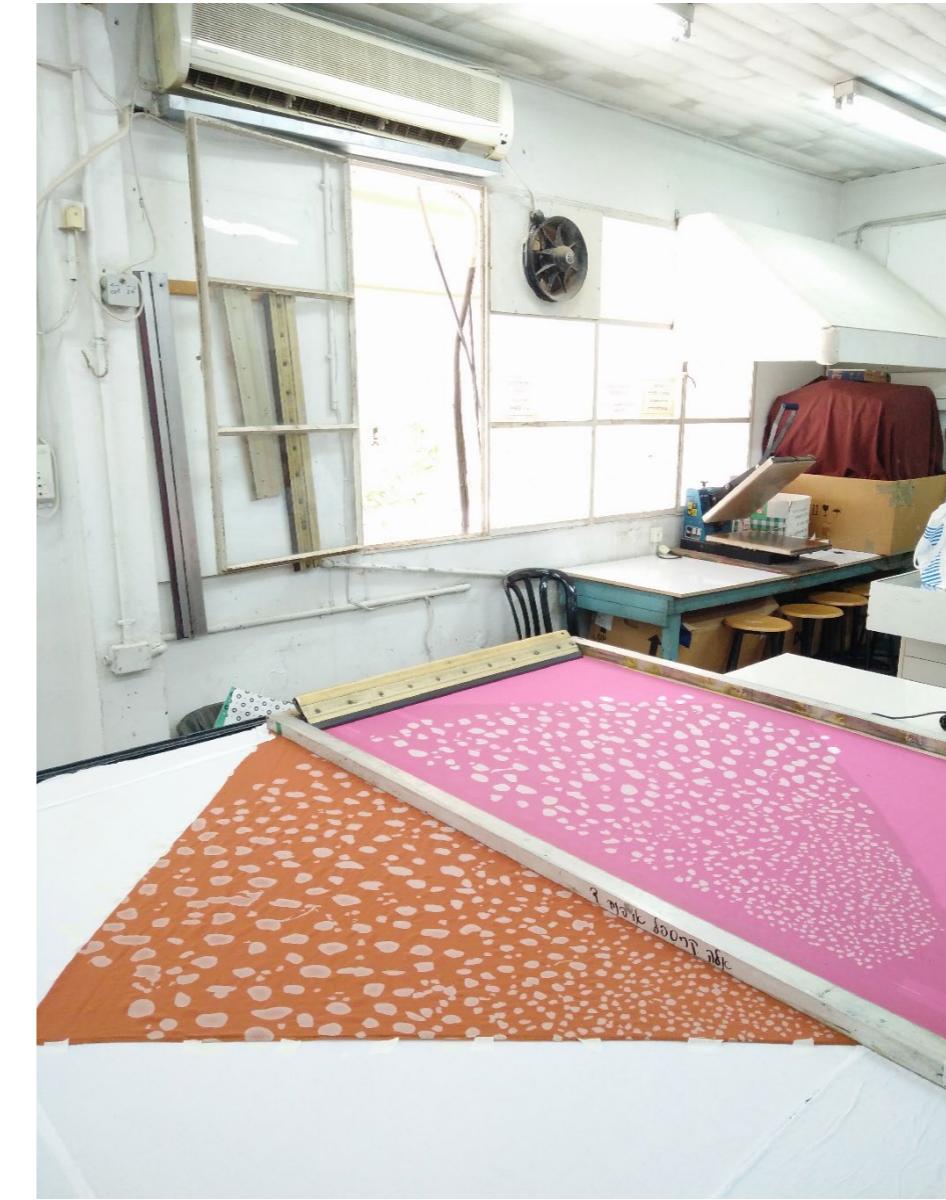

BROKEN DEVORÉ

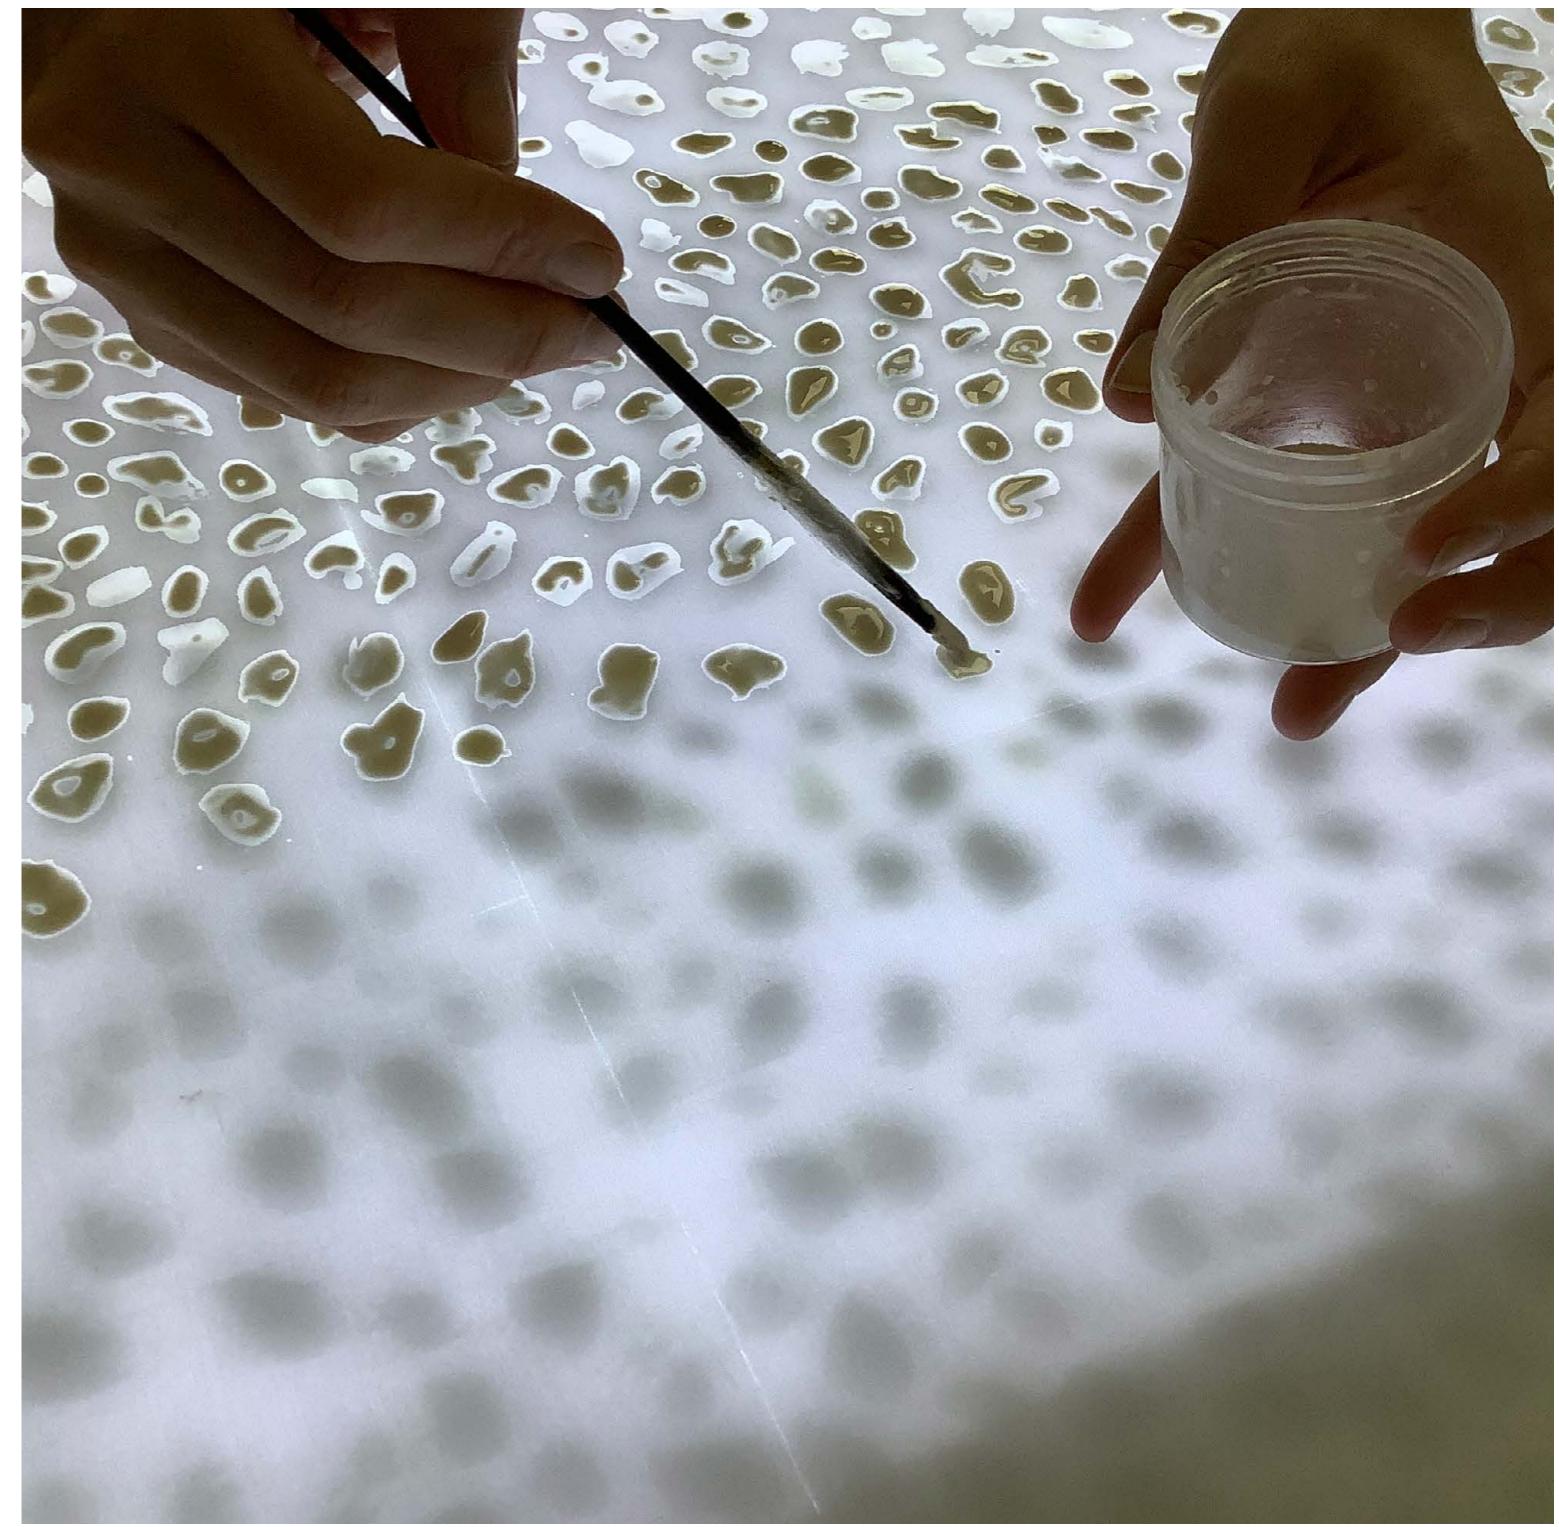

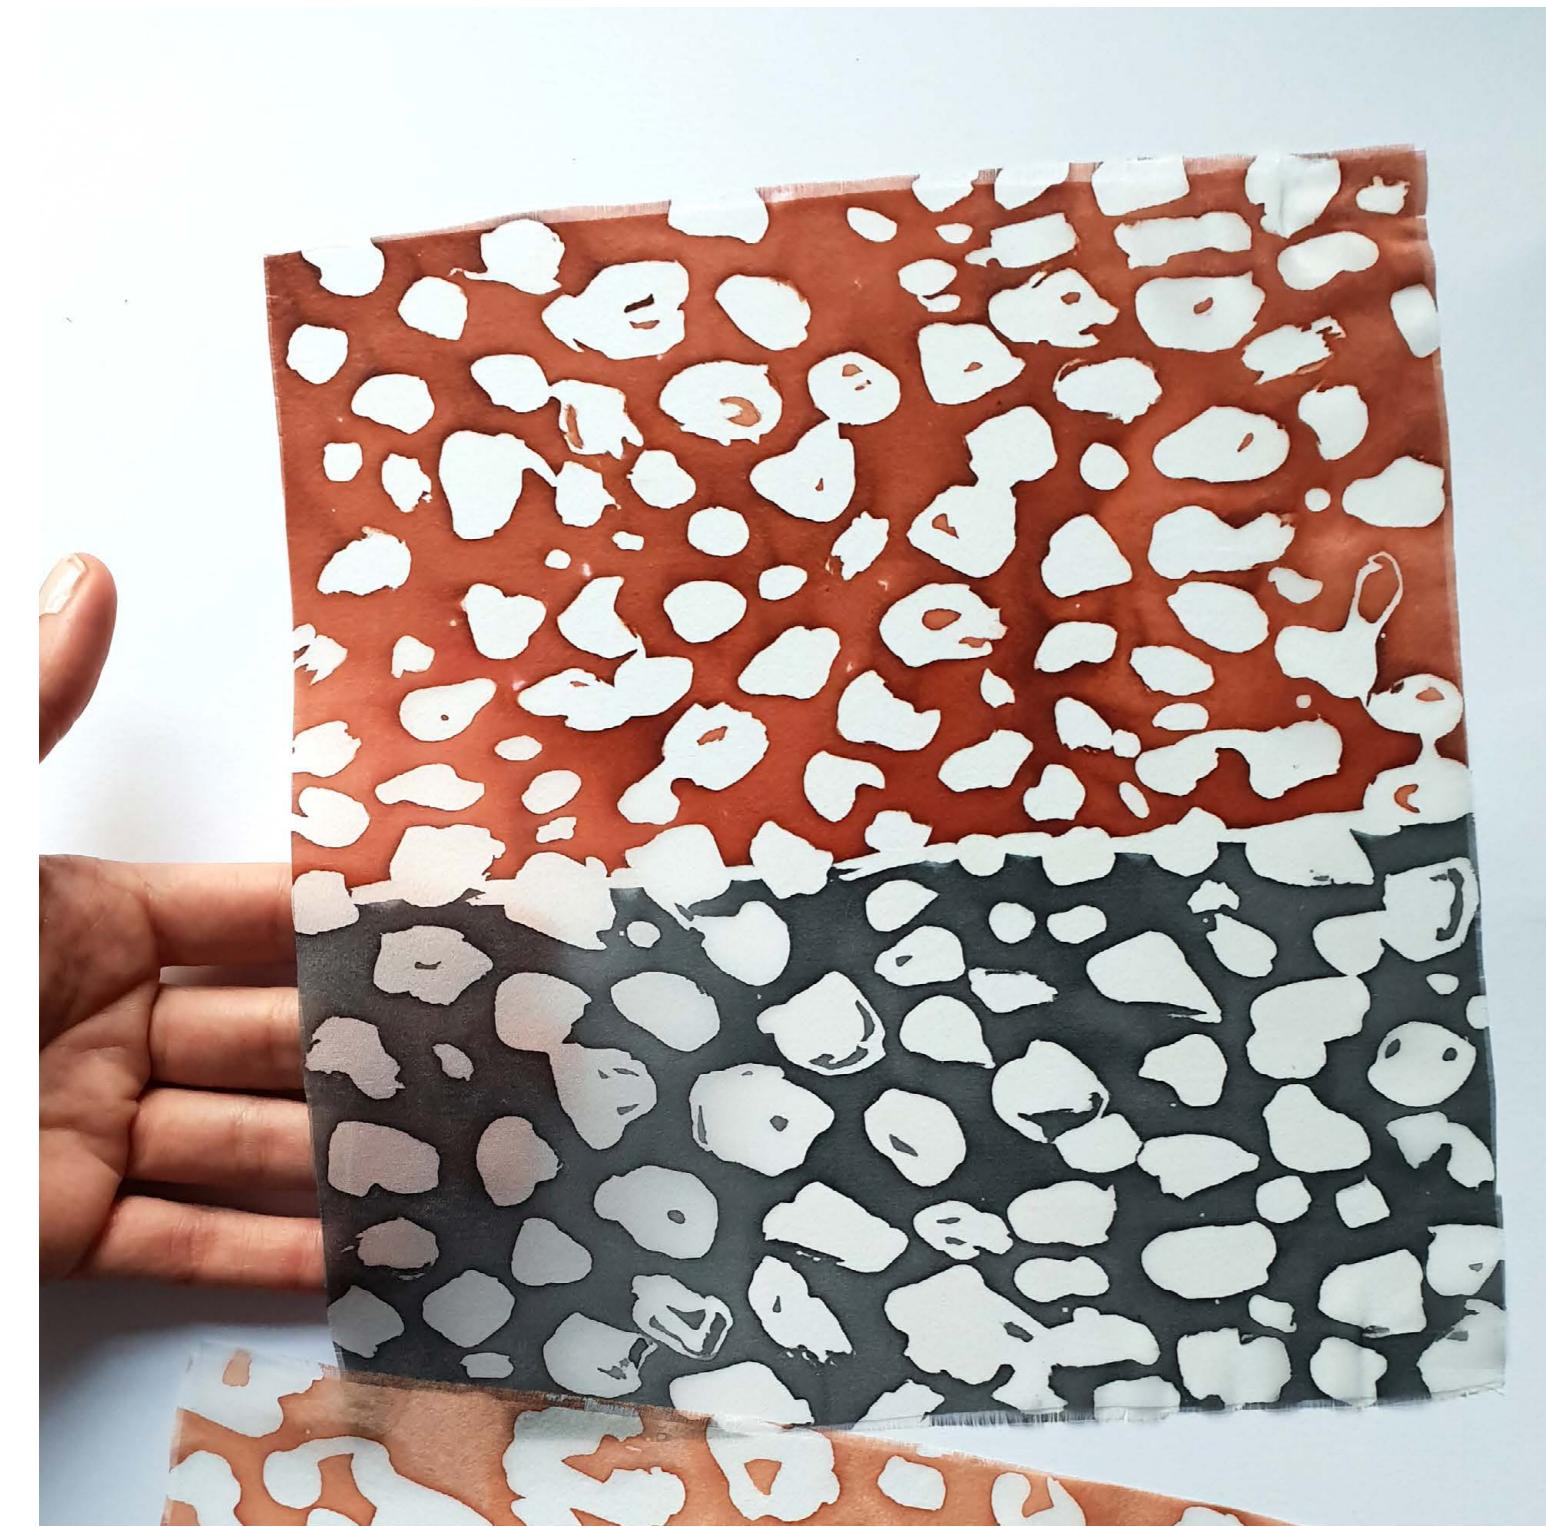

Screen printed devoré artwork.
Hand-drawing made into screens. Inspired by the collage
effect created when using the Kintsugi technique.

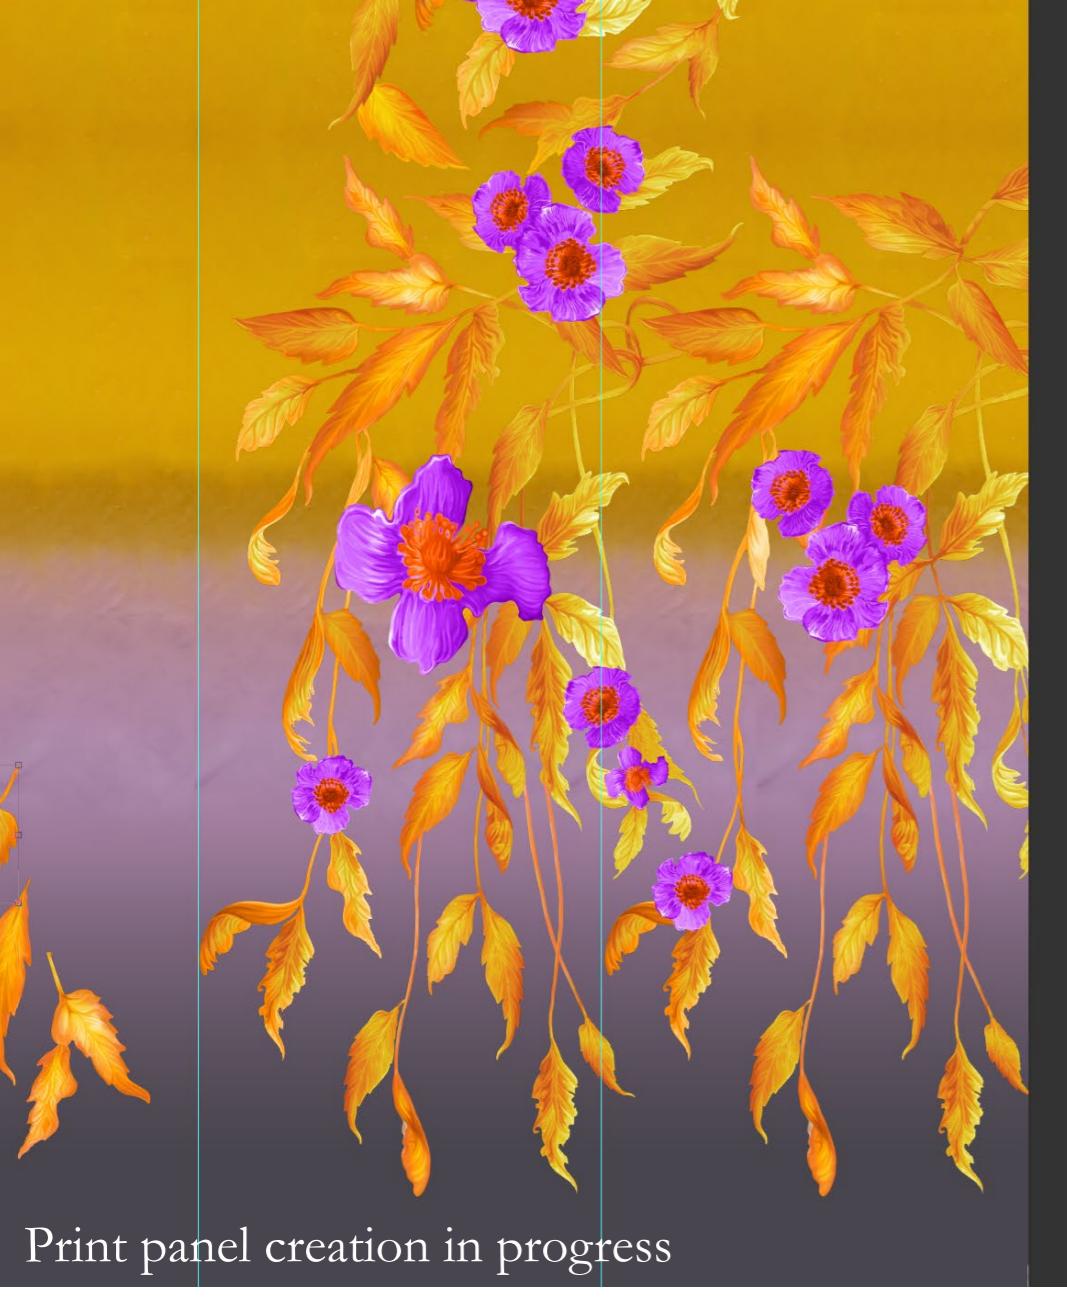

GLASS FLOWERS

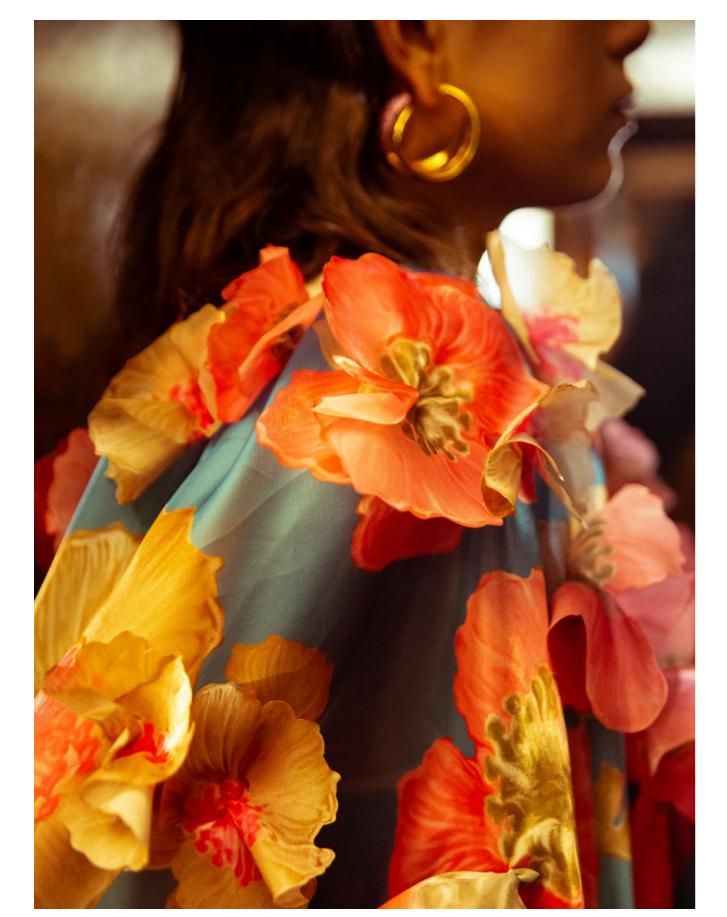

Drawn in Photoshop. Inspired by Émile Gallé's glass vases.
Photos of Gallé's artwork found in the Museum of Applied
Arts (Budapest, Hungary) online archive.

Print panel creation in progress

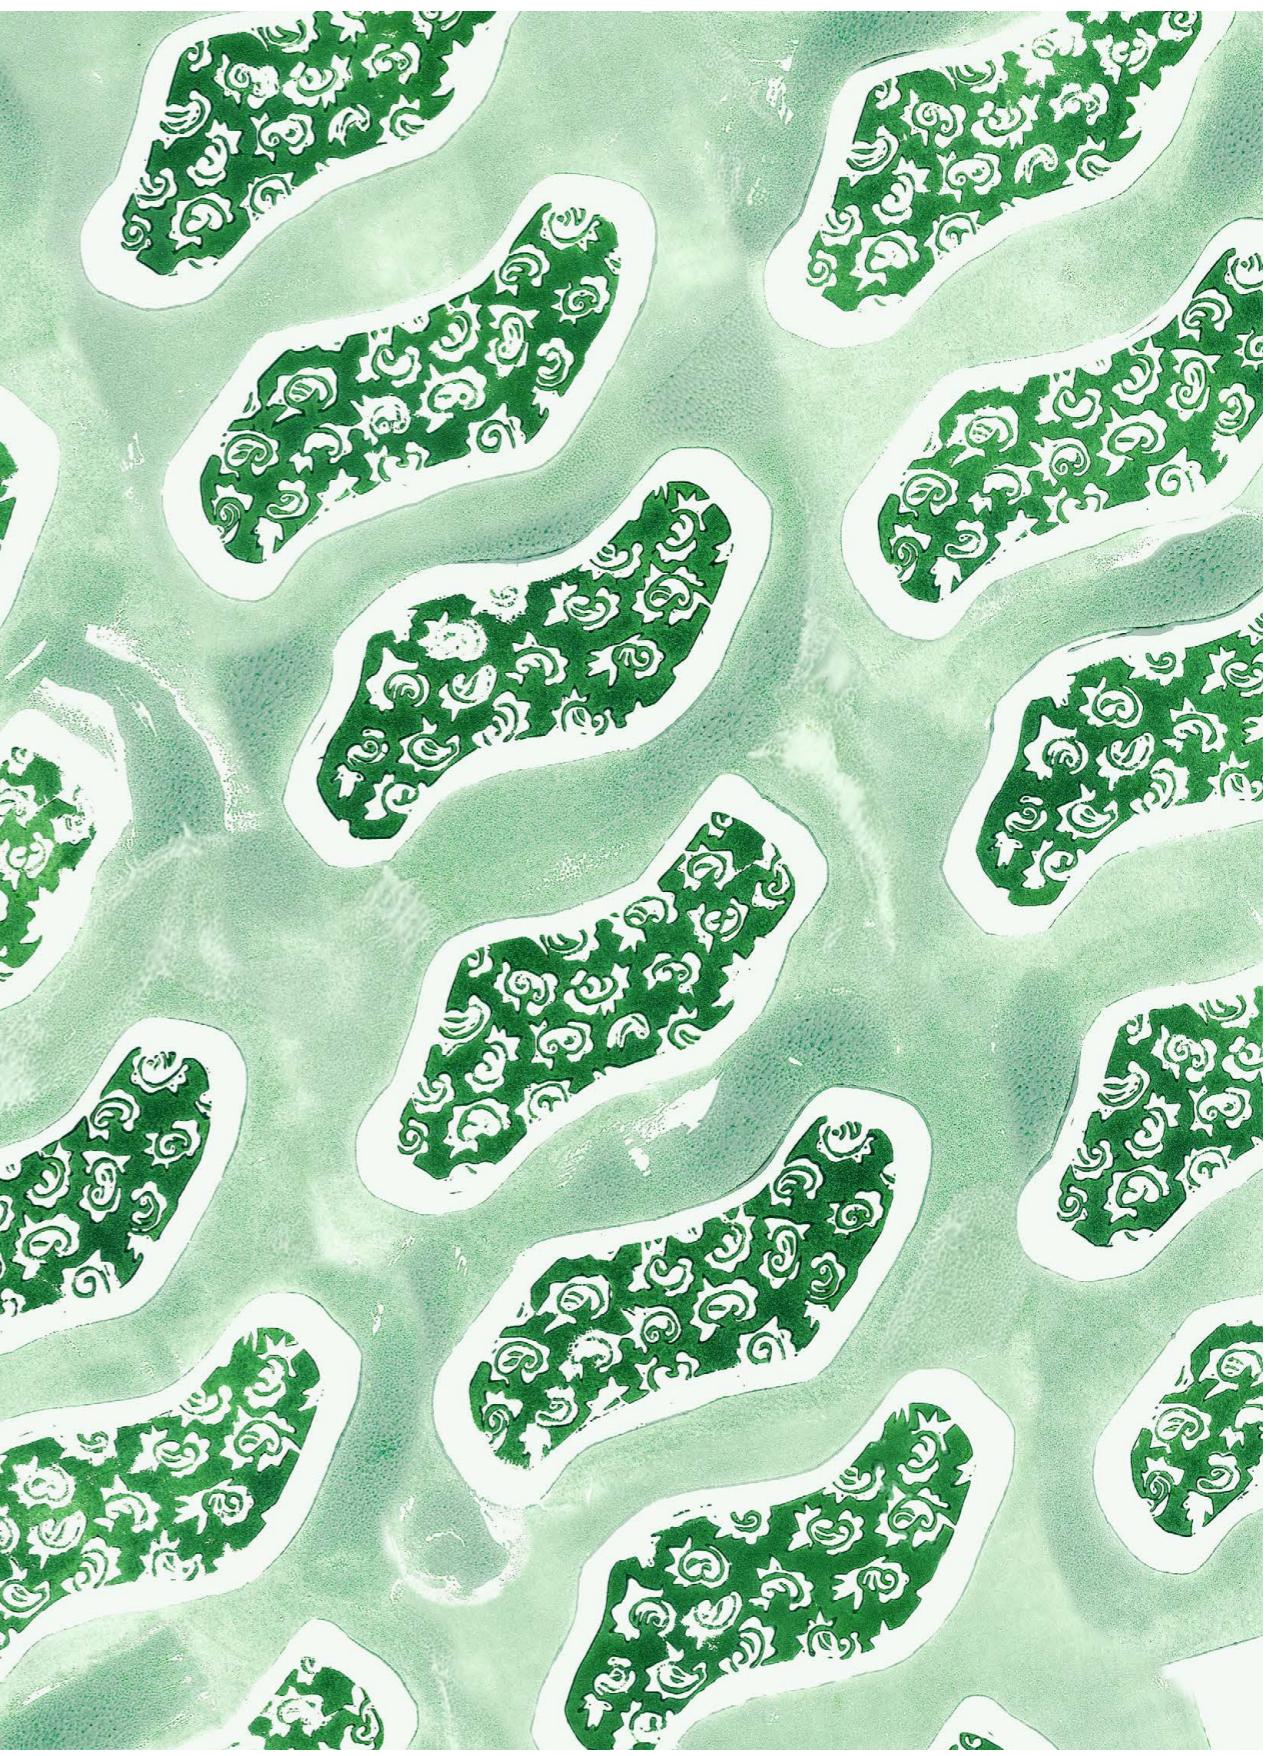

3D printed flowers embroidery

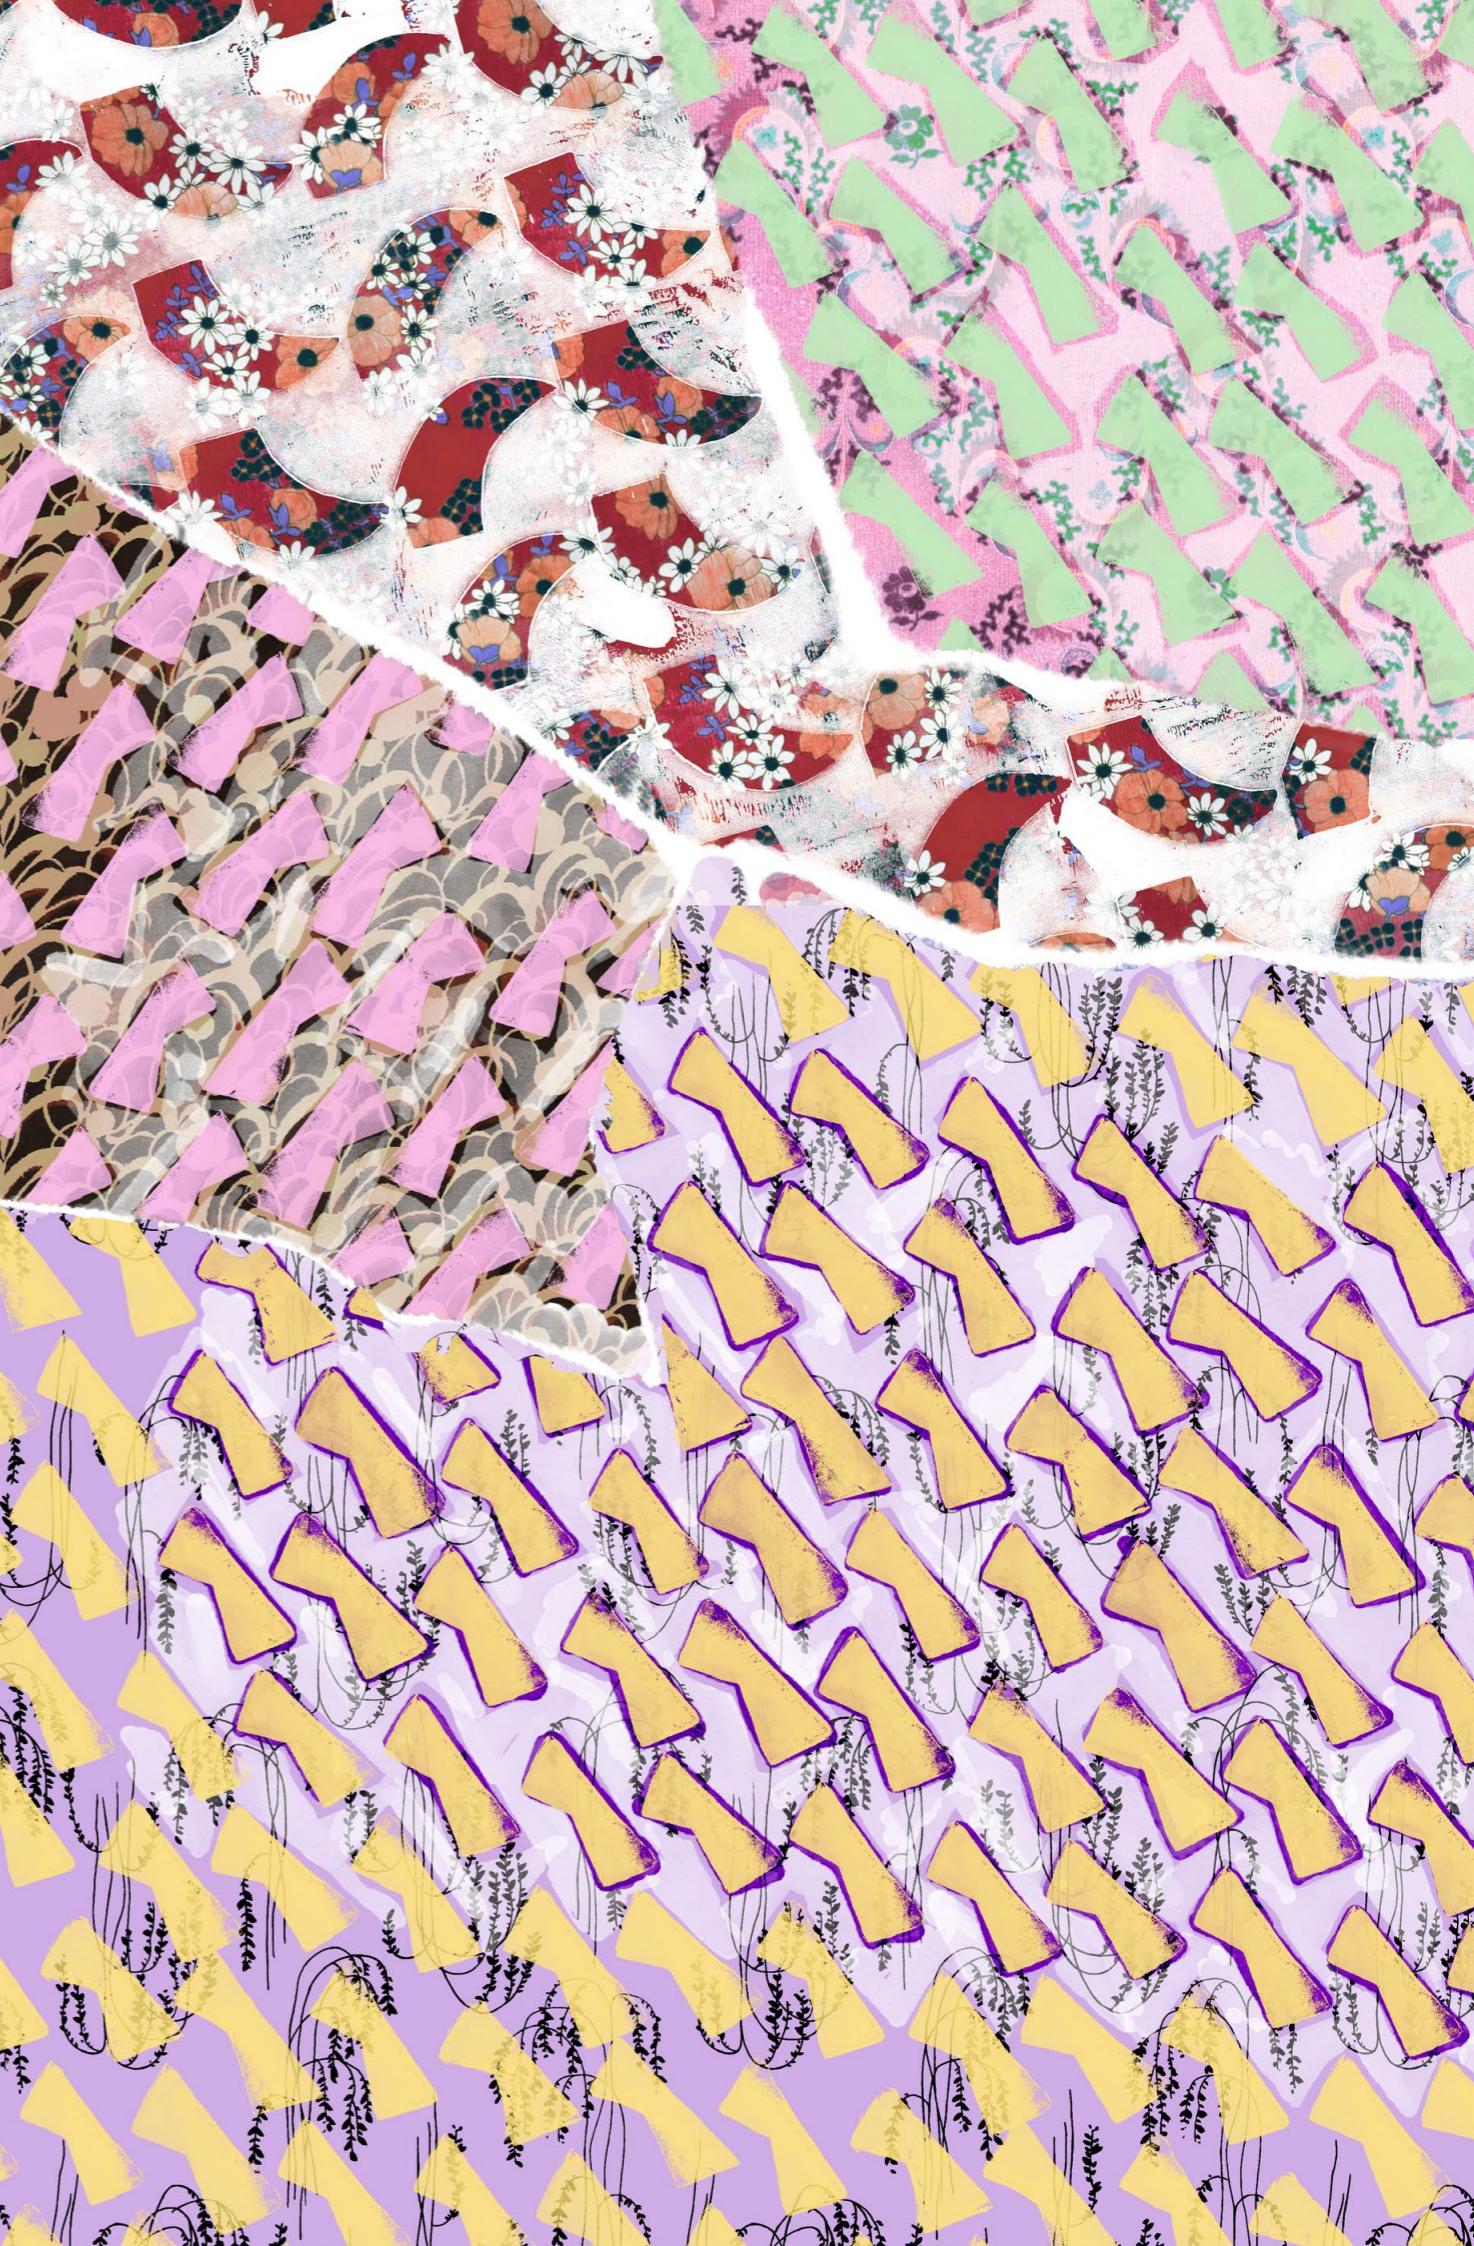

LINO PATCHWORK

This print story has two layers. The top layer is a geometric lino print and the bottom layer is a digital micro print. Both combined in a patchwork layout.

SS20
Peter Pilotto

HIBISCUS

Drawn in Photoshop. Inspired by Émile Gallé's glass vases
and Robert Kushner flowers paintings.

Robert Kushner's paintings - inspired the black colourway

Blue-Pink colourway

Personal Work

LINO COLLAGE

Collage of original lino prints, scanned and translated to digital print.

Screen print?
what
colour
base?

Slightly
different
shades.
Not all
flat colour.

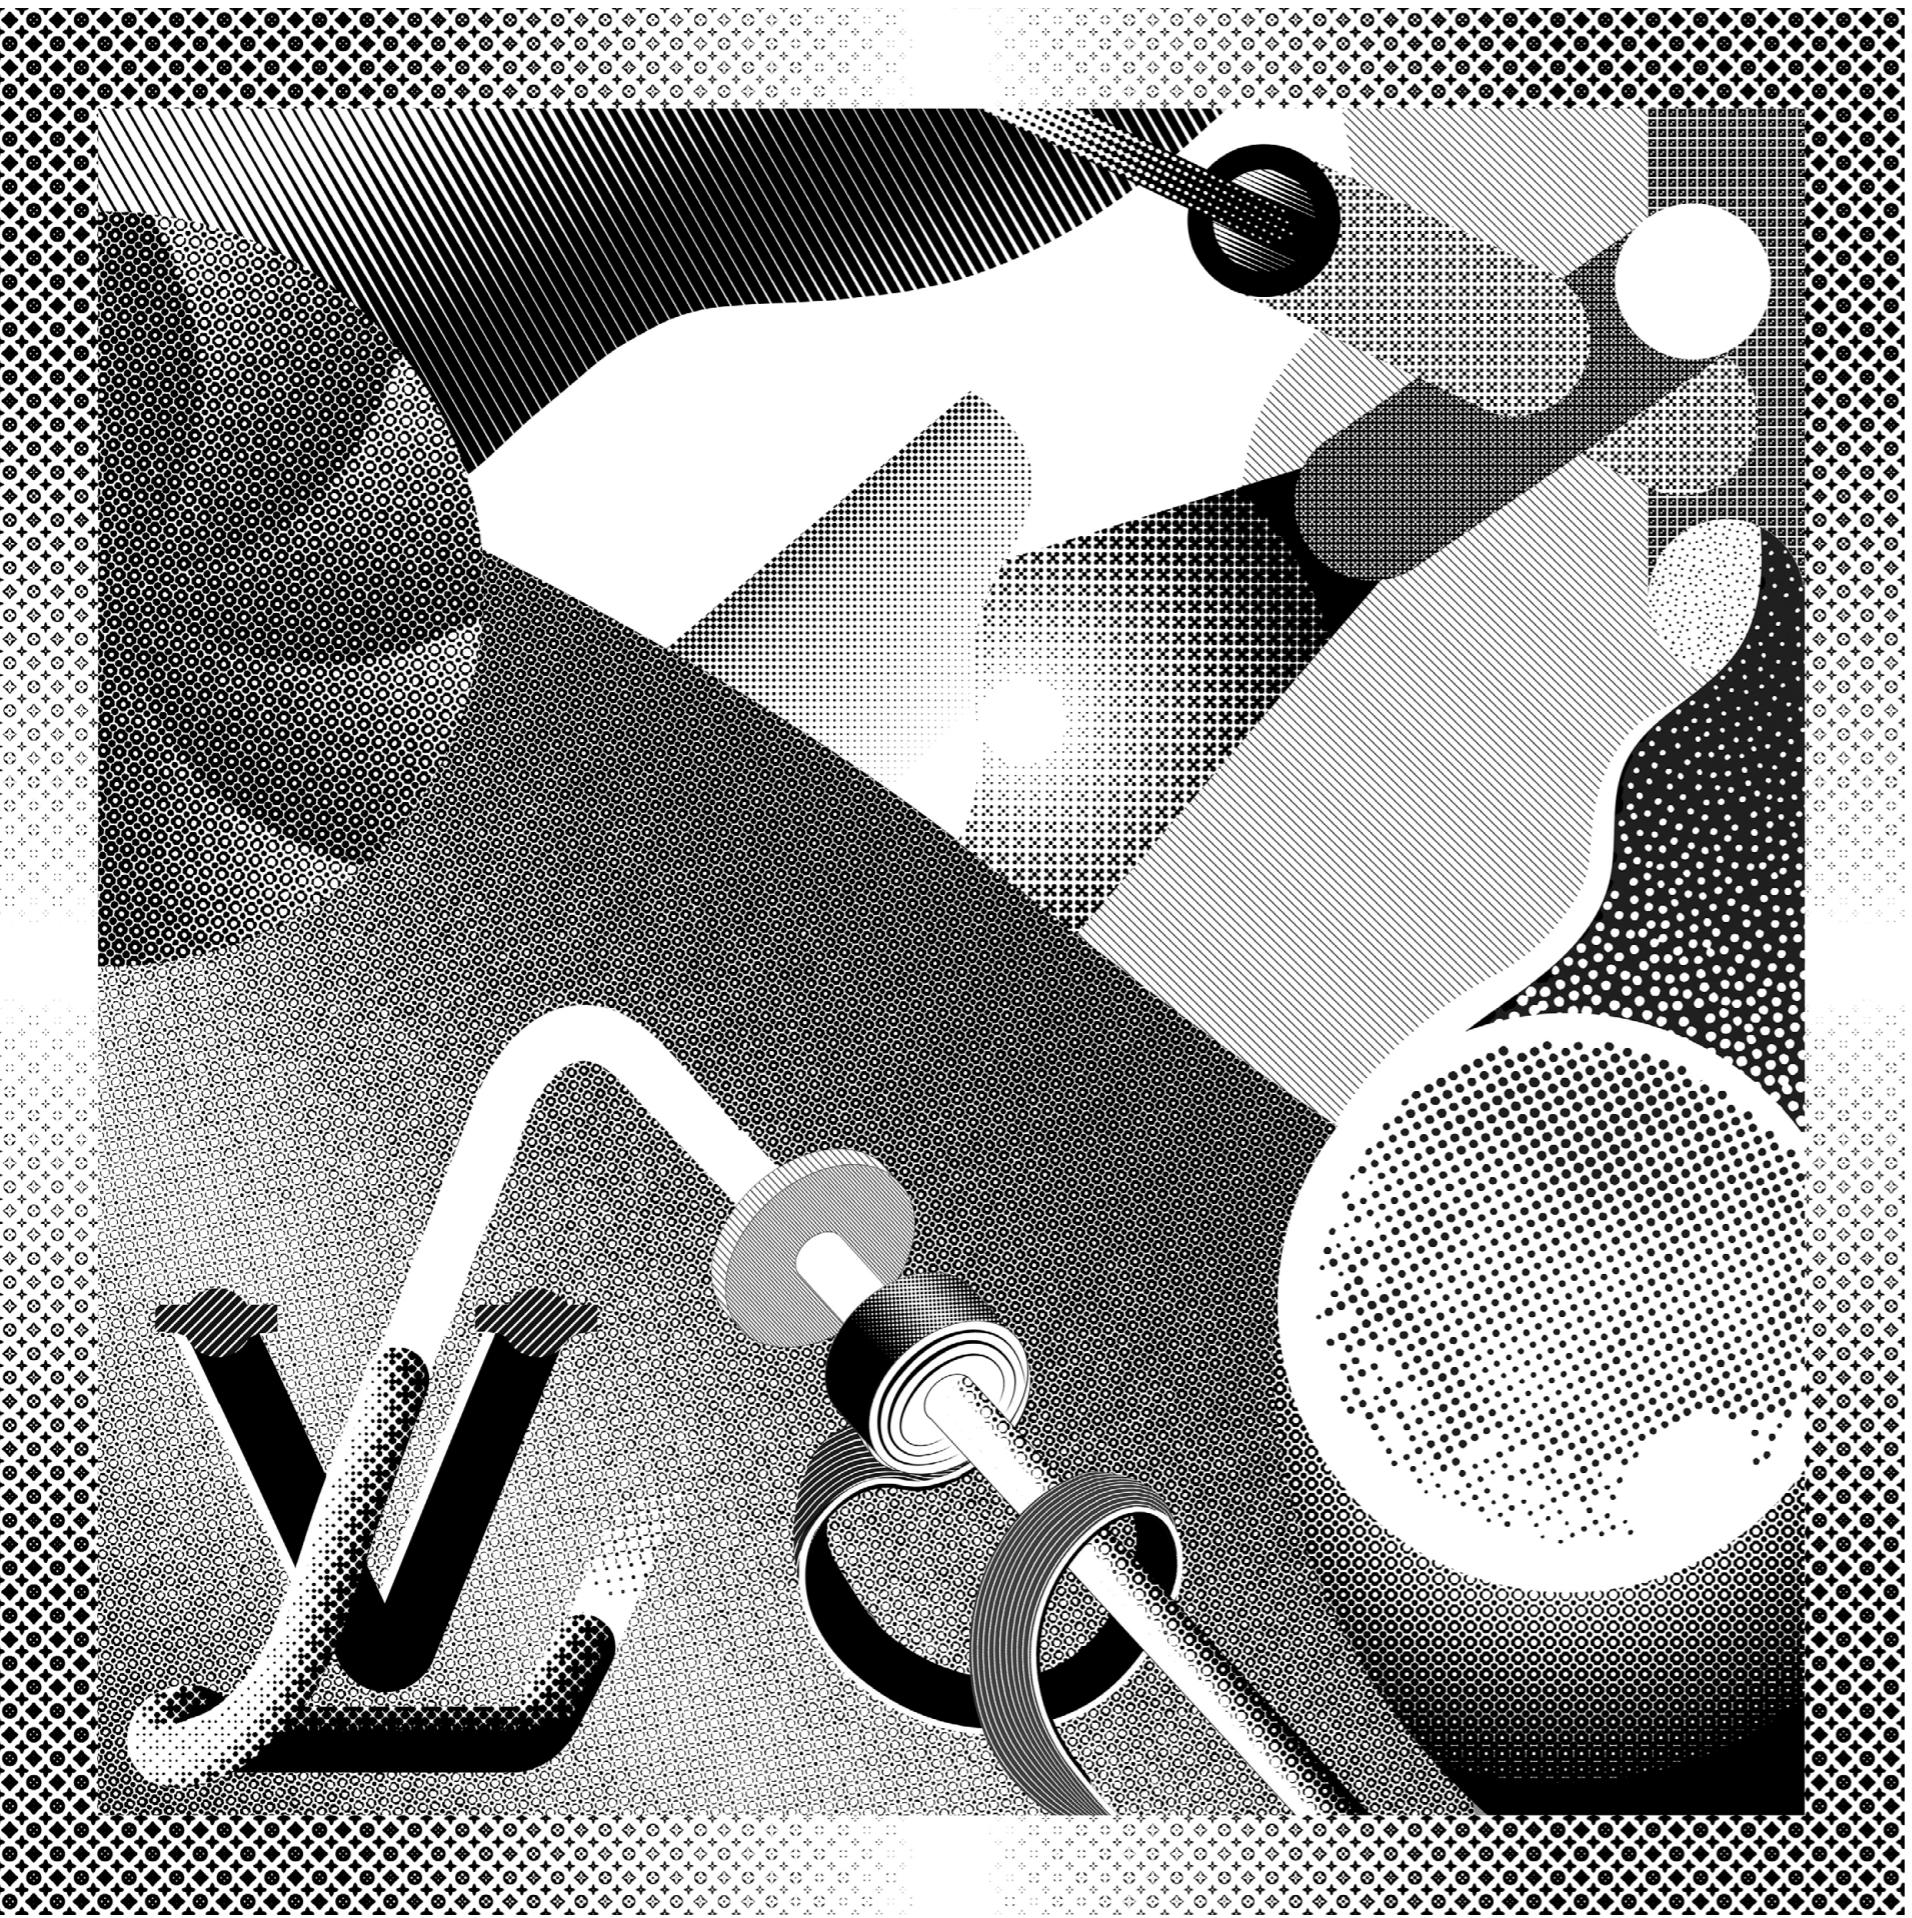

MEN'S ACCESSORIES

These artworks were made for Louis Vuitton as a single color screen-printing file, which can also be printed digitally.

As an inspiration for this print story I looked at the aesthetic and movement of heavy industry. I was drawn to the moving parts in manufacturing process and to the materials passing from one pipe to the other..
